Dear Douglas Minter,

Thank you for your correspondence regarding the Dewey-Burdock Uranium Recovery Project Permit process. The Shakopee Mdewakanton Sioux Community is concerned with any disturbances of areas of potential historical significance, especially those areas that may contain objects of Dakota Culture, History, or Religion. At this time the SMSC chooses to leave direct consultation to the local area Tribal Nations involved. However, Please keep us informed of the progress of this project. Also please feel free to contact me should you have any questions. Thank You and Have a Great Day.

Respectfully,

LEONARD WABASHA

My understanding was that the Shakopee Tribe wanted to participate on a future conference. This reply doesn't tell me they were interested. Any thoughts?

Hello Bill,

Due to the current situation (COVID-19), we would like to do a phone conference instead of an in-person meeting. Can you please let us know if the Chairman would like to do a Conference with Darcy O'Connor over the phone?
